

GLOBAL BEER NETWORK

20TH ANNIVERSARY TOUR

Global Beer Network is celebrating 20 years in business! In 1994 Johnny Fincioen and Claudine Van Massenhove, our extraordinary founders, were unfulfilled with their technology business in Belgium and decided life was too short not to follow their passion - beer! They packed up and moved to California bringing the best Belgian beers in the world with them.

We recently sent Johnny and Claudine back to Belgium with a special 20th Anniversary Chalice (similar to the Stanley Cup or the Olympic Torch) to retrace their steps. They met up with all of our brewers, as well as visiting some of Belgium's most famous landmarks.

The journey will continue here in the USA. Our goal is to have the Chalice visit 100 of the country's best beer bars. GBN will donate \$100 to Pints for Prostate for each event (for a total donation of \$10,000). We hope each Chalice event will raise another \$100 (for a combined total of **\$20,000**).

Donations can also be made online at www.pintsforprostates.org or checks can be made payable to:

Pints for Prostates Inc.
12673 Overlook Mountain Dr.
Charlotte, N.C. 28216-6726

Our aspiration would be to create a Tap Takeover and would love for you to put 20 of our beers on draught to help celebrate our 20 years, but one beer from each brewer and bottles from Br. Boelens would be fantastic. We will have someone from GBN at every event to talk about the beers and interact with your patrons.

Below is a partial list of available draught:
