

The taste of this beer borders on holiness, thus no wonder the brewer let the name point to God—a female God that is, Venus.

LA DIVINE BELGIAN DOUBLE BLOND ALE

A surprisingly lovely fruity sweetness, a full round body and a well balanced malty hoppiness, followed by an exotic lasting aftertaste, so typical, you will always recognize the brewery.

Oh! These wonderful Silly yeasts!

Very easy and pleasant to drink, although 7.5 % alcohol makes it a double. This is, of course, a living beer, refermented and bottle conditioned.

Excellent all day beer to enjoy with friends, while eating cold or warm snacks. Great with fish or vegetarian dishes, and don't over look it with pasta. A perfect match with dark chocolate!

Do not drink it too cold...let it take in the warmth of your company a bit. Take your time to enjoy.
