

The Global Beer Network

PETRUS

Foeder Tower

This custom made wood tower is made to order by Global Beer Network. The tower is modeled after the oak wood Foeders that age Petrus Aged Pale at Brewery De Brabandere.

The tower comes with two faucets with built-in insulated glycol lines. The tower can be bolted to the bar by it's four anchor points. Optional drip tray can be added.

A great addition to any bar to pour Bavik Super Pils, Petrus Sours or any one of Global Beer's other excellent brands. Tower shipped fully assembled as one piece.
