

DENSITY 10.5% ABV
PACKAGING 11.2 fl. oz., 25.4 fl. oz., 20L Kegs
DRINKING TEMPERATURE Serve between 45° and 48°F
BREWED & BOTTLED BY Br. Van Steenberge

Triple **3** Hop

Piraat

Dry Hopped
Ale

The brewers at brewery **Van Steenberge** had noticed the trend toward more hoppy beers worldwide and decided to experiment with the world famous Piraat Ale to produce a strong, rounded yet complex brew with defined hop character. The final result is **Piraat Triple Hop!**

Using Piraat as the base offers the brew a full bodied sweet taste blended with dry characteristics derived from the high levels of alcohol. The brewer then adds four different hops into the brew at 3 different occasions during the brewing process (Hence Triple Hop). The hops pitched are Saaz, Tetra and Aurora twice in the brewhouse and then Cascade is used to dry hop. The four styles of hop delivers a complex character which stands up to the great name of Piraat!

Suggested Food Pairing: *Sweet Chicken Dishes and Pizza.*

Suggested Cheese Pairing: *Strong Cheeses*
