TROUBADOUR IMPERIAL STOUT

This beautiful beer of 9.2% ABV has a deep, rich almost black body with a large, tan creamy head. Slightly Bitter with strong roasted coffee & malt flavors. The aroma suggests hints of licorice and smoke. The beer's strong bitter chocolate impression ends in a satisfying, drier finish. This masterpiece is brewed using 4 different malts, roasted barley and 2 varieties of hop resulting in a well balanced Imperial Stout, with a Belgian touch. This is the key to the Musketeers' trademark – added value for all true beer lovers!
