between 42° and 46° Fahrenheit

BREWED & BOTTLED BY -
Brouweij de Muskeeters

TROUBADOUR WESTKUST

Brouwerij the Musketeers are well know for creating well balanced ales with Belgian yeast blended with hop characteristics similar to the American craft brewers. West Kust is no exception. This ale is a dark IPA at 9% ABV using sweet Belgian yeast blended with 100% west coast hops! The only difference between this brew and all other west coast IPA's is that Troubadour West Kust uses only hops grown in the west coast of BELGIUM! This is the only beer in the world with this unique characteristic. This beer is the perfect blend of sweet and hoppy and is a credit to the brewing expertise of The Musketeers. Cheers!
