Wittekerke

AUTHENTIC BELGIAN WHITE BEER

Wittekerke is the quintessential, and one of the best selling wit beers in Belgium. An easy to drink and refreshing beer, its popularity has grown as customers seek out authentic and non-pretentious replacements for the standard faire. Marrying coriander, orange, wheat, and light hops, this beer has earned its nickname “Sunshine in a Can”. Wittekerke pours a beautiful light yellow, with a delicate pure white head and light nose. Wittekerke boasts a crisp flavor of refreshing citrus zest, balanced with a light spice whether in kegs, bottles, or cans.
